

Protecting Our Past - Building a Brighter Future

Pauline Johns-Garrett

Your Liberal Vannin
by-election candidate
for Ramsey South Ward

I have been watching and listening on the sidelines to the debate about Ramsey Commissioners boundary extensions. I am not in favour of this.

Yes, we need more housing, but not by covering our green fields in concrete. I do not want to live in a concrete jungle.

Ramsey Town Commissioners still own a large piece of land over the old river road. It's been left derelict for years. A three or four storey block of flats can be built there with car park at ground level.

Likewise. a block of flats can be built on the large, derelict piece of ground near to Ramsey fire station. There are several scruffy, and to be honest, dangerous areas along East Quay. Yes, I know they are privately owned, but will they please clean them up! Develop them, not just leave as land banks.

RTC need to ask the owners of the large piece of ground on the corner of Christian Road what they intend doing with it. Get it developed!

The people of Ramsey care about the town and how it looks. Everyone needs a place to live. RTC get your priorities right and look after the interests of Ramsey residents and Ramsey's future.

I am proud to call Ramsey my home. Cornish by birth, I have lived in Ramsey since 2004 and am married to Mike Garrett – a Ramsey man through and through! I am a member of the Queen's Pier Restoration Project fund-raising committee and want to bring my experience, compassion and community spirit to Ramsey Town Commissioners.

On Thursday, March 7th

PAULINE JOHNS-GARRETT
