

Focus

on Ramsey North

Introducing Pauline Johns-Garrett

Hi Everyone,

I am standing as Liberal Vannin Candidate for Ramsey North Ward in the upcoming Election on 24th April.

If elected, I will:

Push for the RE- OPENING of BALLADOOLE RE USE SHED. I will also push that the Amenity site comes back into the control of the commissioners as it should be managed locally.

Pressure RAMSEY MHK ALEX ALLINSON to allocate money for SOCIAL HOUSING and for SHELTERED HOUSING.

The new Manx Care Mandate says: The Department and Manx Care will again review the need for Residential care in the North of the Island and the best way to achieve this. So are they rethinking AGAIN whether they are going to rebuild Cummal Mooar.

Ruinous buildings are at last being tackled but we need to charge more in Rates on empty buildings and increase those charges every year. Ramsey town needs a good clean/tidy up.

POYLL- DOOEY what is happening there?

Ramsey Cottage Hospital Minor Injuries Unit has closed at weekends due to staffing issues. We may need to fight to protect services in the North if healthcare cuts keep on coming.

Ramsey Town Commissioners can lobby government for NHS Dentists in Ramsey, which is an issue that people have been asking about for a long time.

Ellan Vannin Maritime Centre, Robin Bromley Martin gave a presentation on Monday 24th March to Ramsey Chamber of Commerce in which AGAIN they said they intended to build a housing estate on Ramsey South beach. Claiming that no more than 10 or 20 people used the beach. They intend to build from Mezeron corner right across to the Queens Pier. They intend to build the houses on elevated reclaimed land as far across as the Catholic church and it looks to be as far out as the end of the harbour entrance. The pathetic and weird excuse of their man made beach right up next to the Queens Pier would be tidal. They claim it would make money for Ramsey and would be a yachting centre for the Irish sea. In reality, it is just a money-making scheme for a few. They also CLAIM it will be so successful they would have to build another in Port St Mary. They said they have also made a presentation to Tynwald which was received favourably. We need to fight this as it is NOT in Ramsey's interest.

Can we have a couple of town skipper buses for Ramsey. This does not come under Ramsey Town Commissioners, but they can lobby the government.

These are issues the people of Ramsey have been speaking to me about.

Pauline Johns-Garrett.

Liberal Vannin Party Candidate for Ramsey North.

Please vote for me on Thursday, 24th April 2025
